EXECUTIVE POST GRADUATE PROGRAMME IN PUBLIC HEALTH MANAGEMENT

A BLENDED LEARNING PROGRAMME

Collaboratively offered by

Hemwati Nandan Bahuguna Uttarakhand Medical Education University (HNBUMU), Dehradun

&

Indian Institute of Public Health – Delhi (IIPH-Delhi)

Duration: One Year | Mode: Blended Learning

Contact Sessions: HNBUMU, Dehradun

INTRODUCTION

Public health is a multidisciplinary domain that requires professionals with a wide range of skills to effectively plan, implement, and manage public health programmes. The Executive Post Graduate Programme in Public Health Management (EPGPPHM) is a one-year blended learning programme collaboratively offered by HNBUMU and IIPH -Delhi, combining online learning with structured contact sessions at HNBUMU, Dehradun.

INTENDED PARTICIPANTS

- Middle and entry-level officials working in the public health system
- Medical, dental, nursing, and allied healthcare professionals
- Graduates from relevant disciplines interested in building a career in public health
- Professionals involved in planning, implementation, and management of health programmes

COURSE HIGHLIGHTS

- Develop managerial and leadership skills for public health programmes
- Equip participants with contemporary knowledge and tools for public health management
- Provide a basic understanding of public health systems and programmes
- Develop practical skills through academic and applied learning

COURSE STRUCTURE

The one-year programme focuses on developing managerial capabilities while providing a strong foundation in key public health domains. The programme will include blended online learning, live/interactive sessions, contact sessions, assessments, and a capstone/project component to enable participants to apply their learning to real-world public health challenges.
